Is there a way to pull up only what we have listed in Connexion so that I can update WorldCat holdings?

Last updated: Mon, 21 Dec 2020 17:00:39 GMT

Applies to

- Connexion client
- Connexion browser

Answer

In Connexion client or browser, you can use the search index *Holding Library (li:)* to limit results to a specific library. If you would like to limit results to just items held by your institution, use your OCLC symbol as the search term. In Connexion browser, you may need to click *More Indexes* to see *Holding Library (li:)* in the drop-down menus under *Keyword/Numeric Search*.

Additional information

Additional information about using WorldCat search indexes can be found on the [Searching WorldCat Indexes](https://help.oclc.org/Metadata_Services/Connexion/Troubleshooting/Is_there_a_way_to_pull_up_only_what_we_h...) help page.
