Customize text for Circulation Notices

Last updated: Thu, 09 Jul 2020 14:47:44 GMT

Applies to

- CIRC (config)

Answer

You can customize certain parts of the notices that will be sent in WMS Circulation

The member customizable parts are the start and end texts.

To customize the texts, start Service Config and log in to you institution’s data. Then navigate to WMS Circulation > Notifications and Receipts > Notification Policy, and click the policy you wish to modify.

In the resulting screen you can modify the:

- description
- subject of the message
- start text of the message and
- end text of the message
