Do I need to act on the requests that appear under "Borrowing" and "Lending in Quick Links to make them disappear?

Answer

The Quick Links "Borrowing" and "Lending" columns exist to provide quick access to requests that may need an action. The links exist for your convenience, so you don't have to search for the requests individually or work through the dropdown menus on the lefthand side of the page in Interlibrary Loan Home. However, if you do not want to work through the Quick Links, you are not required to. The requests will continue to appear in those columns as long as they remain in the state that has prompted them to appear there.
