What is the difference between include and exclude in my library's deflection policies?

Last updated: Tue, 29 Sep 2020 15:03:35 GMT

Applies to

- WorldShare Interlibrary Loan
- Tipasa
- ILLiad

Answer

When items are included in a deflection policy or have a green check mark, this means the library will not lend these items. When items are excluded from the deflection policy or have a red check mark, this means your library will lend this item type.

Additional information

Please see the Create Deflection Policies for more information.
