How do I set up Odyssey Documents for Automatic Delivery?

Applies to

- ILLiad

Answer

You need to set up the **OdysseyAutoElecDel** key in the Customization Manager to "Always." More information is found in ATLAS documentation for [Odyssey Trusted Sender](https://help.oclc.org/Resource_Sharing/ILLiad/Troubleshooting).

Additional information

It is a good practice to check electronic delivery every day at least once a day just in case items show up in the No ILL Number Match.
